Why learn Python ?

Language for humans

```
if time == 'morning':
    print "Good Morning"
elif time == 'afternoon':
    print "Good Afternoon"
else:
    print "Good Evening"
```

Designed with readability in mind

Powerful and Productive

Write once, run anywhere

Freely usable and distributable, even for commercial use

Web Development

Network Programming

Database Access

Desktop GUI

Scientific and Numeric

Data Mining

Education

Game Development

System Administration

Legacy System Integration
